## President's piece

On the first weekend of the month we put on a display at the Royal Botanic Gardens with a sales table, some potting demonstration and culture sessions. We were concerned initially that the cold weather would keep people indoors but fortunately although cool it was sunny so we were pleasantly surprised by the number of visitors to the Tropical Centre. Many of these had responded to the pre-show publicity by the Gardens.

The display put together by Gowan Stewart was impressive but we could have done with more plants. Thanks to Gowan, John Moss, the Bromley's, Nick Gill, and others who lent plants; to Veronica, Ian, Irene, Wendy, Greg K and Chris who helped put the event together and manned it over the weekend. Plant sales were quite good and it was interesting to see that the plants in demand were different from last year's show which was late in the year. The potting demonstrations created a lot of interest from the public and were very well attended. Visitors seemed to be genuinely interested in talking about orchids. I believe the weekend was worthwhile and the Royal Botanic Gardens was very happy with the event. They would like us to come back again next year.

### **Show Committee report**

**Royal Easter Show 14<sup>th</sup> April – 27<sup>th</sup> April 2011**

**NB** New dates were recently announced by RAS to coincide with NSW school holidays.

More news about changes to schedule, and about participation deals, to come later in the year.

**Orchids out West 21<sup>st</sup> to 23<sup>rd</sup> May 2010**

Division of monies will be taking place this week.

**St. Ives Village 17<sup>th</sup> to 20<sup>th</sup> June 2010**

A late partial sponsor for this event turned up in the week of the show and \$1200 was provided as a goodwill amount in return for sales space at the venue. The sponsor may offer a normal sponsorship next year.

Geoff announced the Champions results of the show and told members that they will be appearing on the OSNSW website.

Garrie Bromley gave members an over view of the show and results.

### **Royal Botanic Gardens 3<sup>rd</sup> and 4<sup>th</sup> July 2010**

Geoff told members that the RBG have done extensive advertising for the coming week end event. He said that Gowan Stewart has agreed to put up a display, but that we need members plants to add to the display. If members would like to lend plants from tonight's benching, please notify one of the committee at break. There will be culture classes in the amphitheatre adjacent to the glasshouse, and sales of orchids in the foyer area. Promotional information is now on the OSNSW website.

### **Southern Orchid Spectacular: 8<sup>th</sup> to 10<sup>th</sup> October 2010**

Preparations continue according to schedule.

### **General Business**

The disposal of show crowd barriers because of the loss of storage amenities; the OSNSW Management committee decided that since St. Ives winter show was the only time that the barriers were used, they were no longer needed. Eastwood O/S took possession of the barriers, with the understanding that OSNSW could 'hire' them at reasonable cost if necessary in the future.

**Lighting at shows:** A decision by the judging committee to allow lighting only when ALL exhibitors have access, has been made at the recent St Ives show. In the past, only some areas have been fortunate enough to have personal lighting, which in turn disadvantaged other competitors.

**Supper duties at OSNSW meetings.** We are still looking for volunteers to help out with supper at our meetings. Thank you to those of you who again provided assistance at our last meeting.

### **Registrars Report:**

Ian advised members that half of the trainee judges undertook their final theory exam last Friday night and that the remainder would sit their exam soon.
