## Winter 2018 Flask Listing

All flasks are in 500ml clean hard plastic containers and contain at least 25 seedlings (otherwise noted). We have very good luck in shipping these flasks in flask without too much jumbling. If you prefer, we can ship the seedlings out of flask, packed in styrofoam containers. We guarantee safe arrival when this method is used. However, foreign orders must be shipped in flask. Please add \$150.00 for Phyto documents.

Our flask discount schedule is: 0-\$300 net, \$301-500 5%, \$501-800 10%, \$801-1,200 15%, \$1,201-2,000 20%, >\$2,000 25%. No discount on NET items.

Shipping and Handling: For the first flask - FedEx 2nd day - \$18 (\$24 east coast), Priority Mail (\$14), each additional flask - \$2. These charges are the same for both in flask or out of flask shipping. For next day shipping, additional charge will be billed at cost. Foreign orders charge at cost.
